

SIKA AT WORK

BORCHERS REISEN OMNIBUSBETRIEB &
AUTOVERMIETUNG GMBH & CO. KG,
TWISTRINGEN, GERMANY

FLOORING: Sika® Ucrete® DP 20

BUILDING TRUST

NEW CONSTRUCTION OF DEPOT INCLUDING CAR WASH

PROJECT DESCRIPTION

Project name: Borchers Reisen Omnibusbetrieb & Autovermietung GmbH & Co. KG
Location: Twistringen, Germany
Year: 2021
Size: 100m²

Founded in 1933, the travel company Borchers laid the foundation for a new, modern depot including a new washing hall in 2020.

PROJECT REQUIREMENTS

A flooring system was sought for the washing hall that could withstand both the high mechanical stress from the buses driving over it and the high chemical stress from the cleaning agents used, while also being permanently resistant to wet conditions.

SIKA SOLUTIONS

The project involved the new construction of a washing hall, with Sika® Ucrete® DP 20 applied at 4 mm in blue, covering an area of approximately 100 m².

Sika® Ucrete® DP 20 is extremely impact-resistant and highly resistant to both mechanical and chemical stresses. Additionally, Sika® Ucrete® DP 20 is permanently slip-resistant (R12).

Other benefits include being pore-free, minimizing joints, and being as easy to clean as stainless steel. It withstands thermal, chemical, and mechanical stresses, ensuring long-term, trouble-free use.

PROJECT PARTICIPANTS

Project Owner: Borchers Reisen Omnibusbetrieb & Autovermietung GmbH & Co. KG
